
BIG SALE OF TIMBER.

Last week a deed was recorded from Dr. F. T. McClintic, trustee, to Cecil Gross for the timber, with certain exceptions, on two tracts of land at Slaty Fork, on Elk river, in this county. This is the L. D. Sharp land and the acreage of the tracts are 496 and 968 acres.

This is big timber on blue grass farms and is comprised of some very fine trees. There is said to be a lot of fine poplar on the land. The consideration was \$60,000.00.

Christmas goods at the Drug Store.

Have you been to see Mr. O. P. Stricker's Christmas goods? No! Aladdin with the aid of his wonder could not have surpassed what was at a glance in this collection of the Why, the commodious counters are literally packed and jammed with mental and useful articles, with lamps, in amber, gold and silver, pickle castors, breakfast and dinner and jewelry. Among his specialties would make particular mention pieces of Florentine statuary, glass table-ware in the various Ambretta, Bluena and Rubena. too, a new ware styled Burma novel and beautiful. Three decorated plush mirrors, besides. And perhaps two dozen real. But why attempt a meagre

invite capitalists to settle among us, who would help develop the riches that everywhere abound.

Your correspondent has been reliably informed that a Company of Pennsylvania capitalists have secured a large quantity of White pine timber in this county, situated about ten miles from here, in the neighborhood of Mr. Allen Coulters, on what is known as Laurel Run. Early in the spring they will commence the construction of a small narrow gauge railway, which will begin somewhere in the timber section, and follow Laurel Run to the Greenbrier river. The length of the road will be about four miles. By this means they will convey the logs to the river, and then float them in the usual way to Ronceverte.
